ABOUT SLIMLINE

Slimline by DSA Doors is a high-performance collection of premium full view doors in a variety of modern and contemporary styles to suit any home. Constructed with acetylated Accoya® wood, Slimline doors are covered by a 5 year warranty with no overhang needed.

Each Slimline door is hand-assembled by our team of skilled artisans. DSA Doors is committed to enduring quality, excellent service and sustainable innovation.

HOW TO ORDER

Choose your Configuration

Our Slimline collection offers eight configuration options, featuring direct set side lites and transoms.

Choose your Door Model and Style

Slimline Model A and Model B are available in 48 different styles, including etched glass, modern grids, and horizontal bars, with stylish handleset and pre-finishing options.

Order with your DSA Dealer

We work exclusively with a network of dealers to ensure professional results. Find your DSA dealer at www.DSADoors.com/Dealer

PREMIUM ENERGY EFFICIENCY

Slimline Doors are a great choice for homeowners who are looking for a high-quality, energy-efficient, and sustainable door for their home. Our Slimline Collection has been Energy Star rated with standards set by the U.S. Environmental Protection Agency (EPA), designed to help homeowners save money on their energy bills and reduce their carbon footprint.

Slimline Doors are constructed with acetylated Accoya®, a high-performance wood that is naturally rot-resistant, making it an ideal material for exterior doors. Our Slimline Doors are backed by a five year warranty with no overhang requirement, so homeowners can be confident that their doors will last for many years to come.

SDL BARS

Slimline doors are constructed with Simulated Divided Lites. SDL grids are applied to the exterior surfaces of the glass with no muntins inside of the glass.

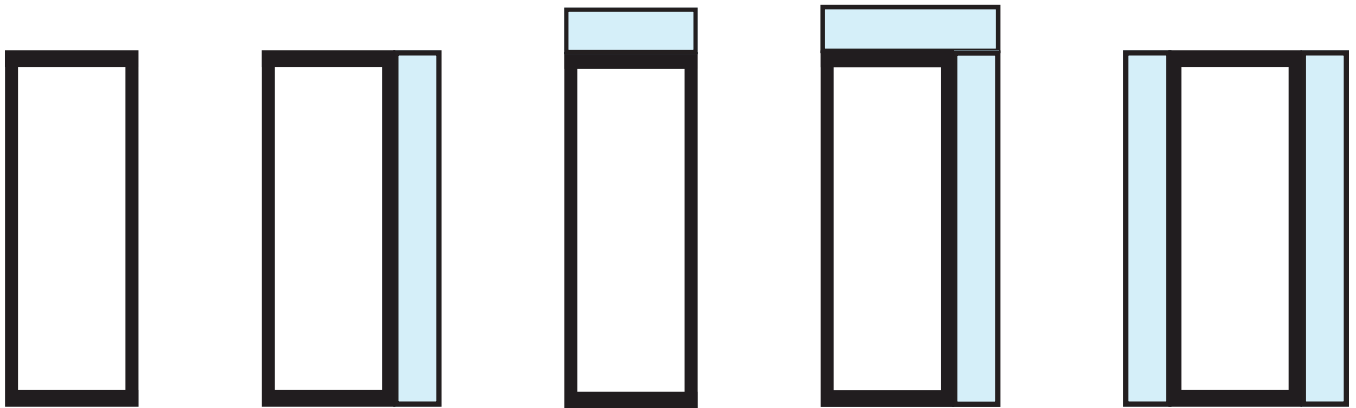

Thin SDL Bar (7/8")

Wide SDL Bar (3 1/4")

CONFIGURATION OPTIONS

DSA Doors' Slimline Collection offers eight configurations with direct-set side lites and transoms that allow homeowners to customize their doors to perfectly match their home's style and architectural features.
